MEMORANDUM FOR: COMOR Photo Working Group  
SUBJECT: Use of the 112A Camera in China  
REFERENCE: CWG-D-6, 17 December 1963

1. In December the Working Group discussed the proposed employment of the 112A Camera in China and concluded that there were few targets that would justify its use (ref. CWG-M-27, 23 December 1963). However, in view of the fact that the 112A has since been used in the Far East (Laos and Cambodia) and that the authorization for flights in the Far East has been renewed, there is a need to review the targets.

2. Attached are copies of two memoranda from the DIA member of the PWG to the Chairman giving lists of proposed targets for the 112A system and the justification for their selection.

3. It is requested that these lists, together with that contained in CWG-D-6, be reviewed for currency and completeness.
